1

The International Trade of Arikeh Yavand is one of the most prominent complexes in the field of Petrochemical Equipment's and Chemicals as well as Industrial machineries solution in Iran. The strength of Arikeh Yavand's success lies in an innovative approach to International Trade as a strategic partner with extensive international ties and also deep technical expertise and experienced staff. Our expert Petrochemical and Engineering teams have many years of experience in sourcing technical products around the world and providing technical solutions to our customers in the areas of Oil & Gas and other Industries.

In order to offer our valued customers in Oil & Gas sector, the most comprehensive services on-site, Arikeh Yavand operates nationwide with an international network. Currently, the company has over 4 wholly-owned or controlled subsidiaries, in Iran, UAE, India, Italy and Japan.

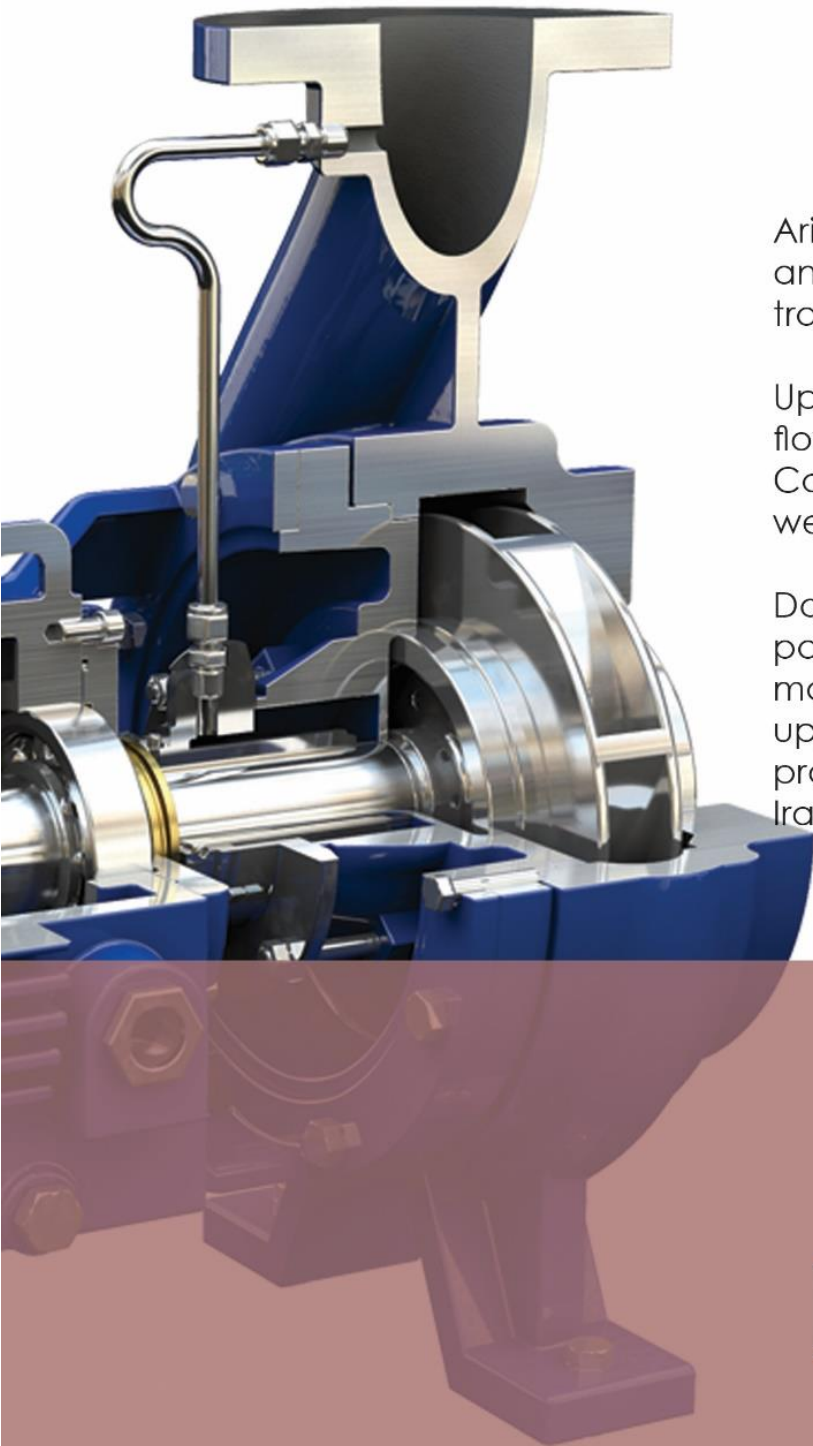

Upholding the strategy of "business groups, economy of scale, and specialization" and the business philosophy of "honesty, integrity, win-win and service", The International Trade of Arikeh Yavand is looking forward to work and grow with clients at home and abroad. The International Trade of Arikeh Yavand is your trusted trading partner in Oil & Gas, Industrial and Chemical areas.

Instrumentation engineering

Arikeh Yavand's value proposition stems from our basic strategy of focusing on a wide range of products and at the same time striving to be the best at what we do. We are constantly committed to supply the highest quality of electronic products in the field of Petrochemical Industry

- Pressure and Diff. pressure gauges, bimetal thermometers, level gauge (Magnetic, Sight glass, Reflex), Flow indicator.
- Pressure, Diff. pressure, temperature transmitters.
- Displacer, Float, Radar, Ultrasonic, Torque Tube, Float and tape, Magnetostrictive, Hydrostatic level measurement.
- Ultrasonic, Vortex, Magnetic, DP, Mass, Turbine, Venturi, Thermal mass.
- Different types of sensors.
- Control and monitoring

Arikeh Yavand Petrochemical Equipment Division provides superior products and service solutions to Oil & Gas customers in upstream, production, transportation, refining and related industries in Iran.

Upstream products include Pressure Pumping well service & stimulation pumps, flow control products and replacement expendable parts for Oil Field Service Companies. Seaboard provides Pressure Control surface equipment including wellheads, valves and frac trees.

Downstream products include different grades of centrifugal pumps and spare parts for refining and petrochemical industries from the world renowned manufacturers. Engineered mechanical and rotating equipment repairs and upgrades, oilfield and drilling equipment repair and certification, rapid prototyping of spares parts are delivered to many Petrochemical companies in Iran.

Pumps and Mechanical

Safety Equipments

Arikeh Yavand is committed to personal safety in the workplace. We are a full line importer and distributor of personal protective equipment, fire retardant and firefighting coatings service provider. We deliver a wide range of Sensors, Alarms and Instruments, Monitors, Air-packs, Air-systems, Compressors and Nozzles.

Arikeh Yavand has a rich experience in Aerial Platforms and Pumpers, Water Boom Booms and customized Industrial Rescue equipment.

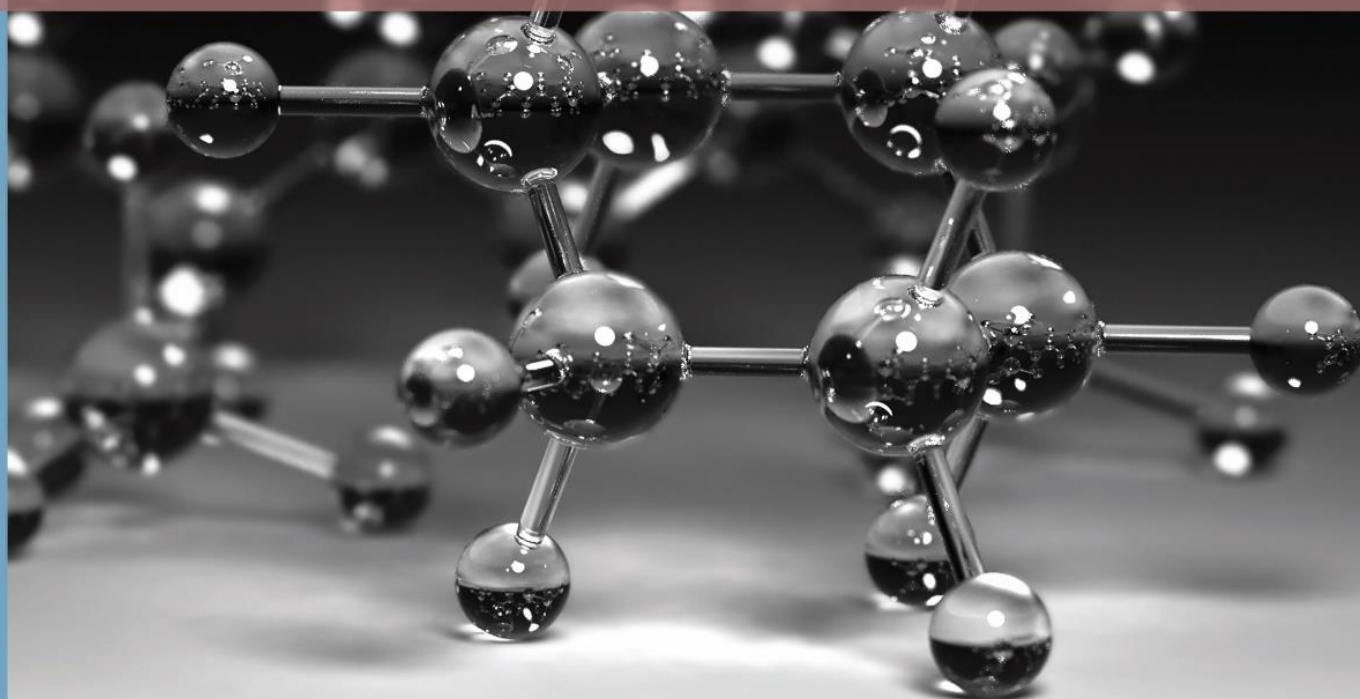

Thanks to our knowledge based approach, Arikeh Yavand is now directly involved in the import of more than 230 types of Chemicals in the fields of Petrochemical production, Polymers, Plastic and Ceramics.

A brief list of the chemicals we import for the Oil & Gas industry are as follows:

Different types of

- Lubricants
- Activated Carbon
- Emulsifiers
- Demulsifiers
- Catalysts
- Silica Sand
- Low dense Gas Hydrate
- Flocculants
- Thinners
- Viscosifiers
- Anthracite
- Inhibitors
- Ceramic Balls and Alumina Balls
- Polymers
- Biocides
- Tert-ButylCatechol
- 2-Ethyl Hexanol
- Hexagonal Boron Nitride
- Activated Methyl Diethanol Amine (AMDEA)

Chemical Products

Welcome Aboard!

At Arikeh Yavand, we have set our vision to be the pioneer in the supply of different ranges of aircraft instrumentation from the airspeed indicators and altimeters to flight director and complex instruments. Through our dedicated business units with expertise in monitoring, process control and precision measurement instrumentation, including:

Pressure Gauge :
Fuel Pressure
Hydraulic Pressure
Oil Pressure
Pneumatic Pressure
Torque Pressure
Water Pressure
ISS
Microflight
UMA
Falcon

Oil Gauge :
Century
AVOX
MITCHEL
Oil Temperature Gauge
UMA
Westach

Miniature Gauge:
MITCHEL Gauge
J.P Instruments
UMA
Instrument Cluster

Transformers:
COTS
Military Transformers
PFC Inductors
Military Inductors

Aerospace Instrumentation

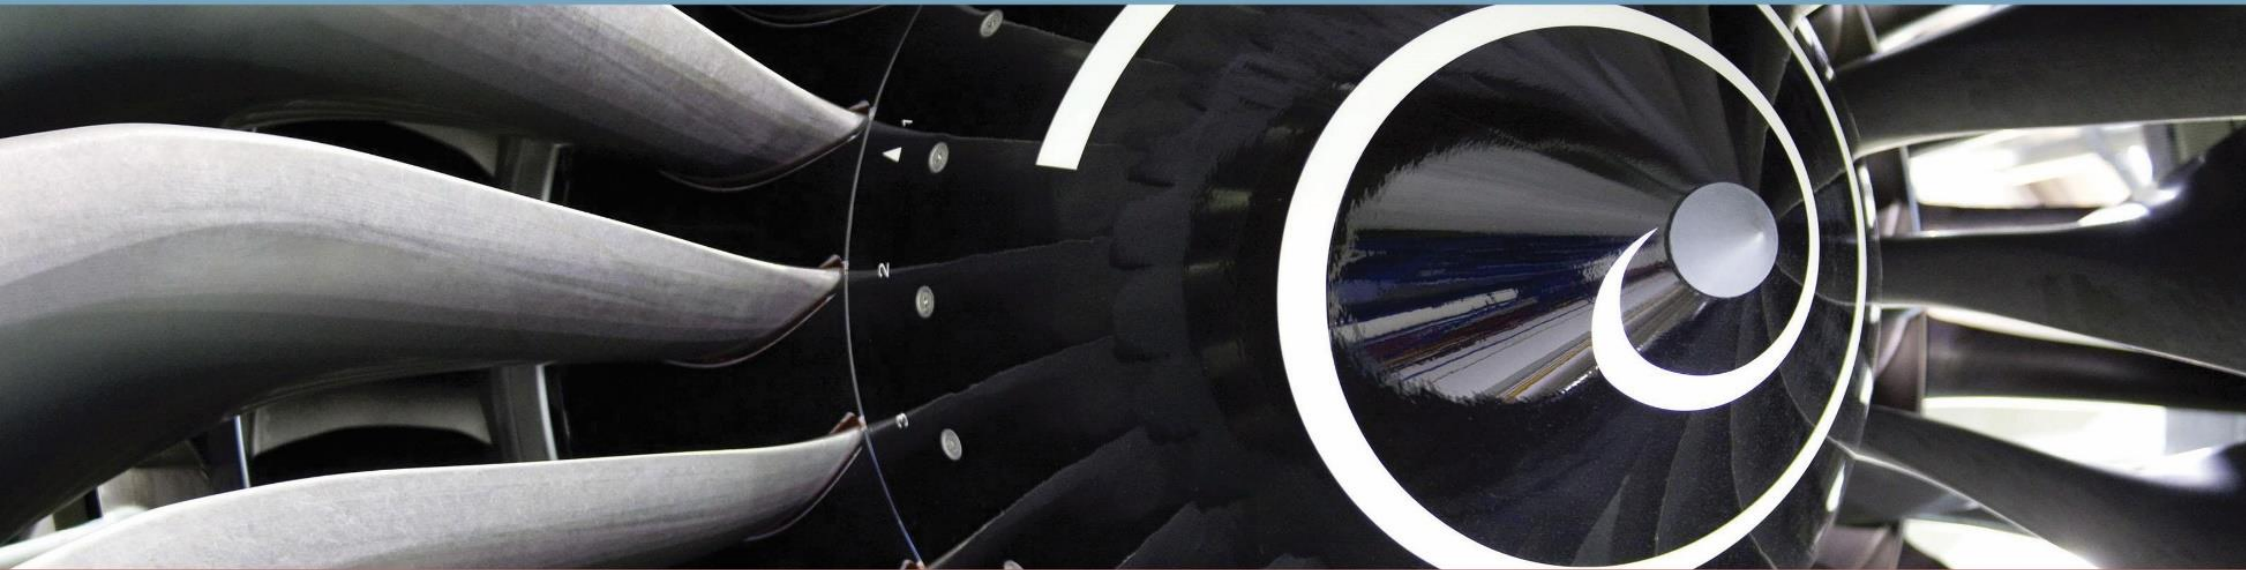

LCR Meter :
Precision LCR Meter
Precision Impedance Meter
Benchtop LCR Meter

Capacitors :
Film & Foil Capacitors
Metalized Polypropylene Capacitors
Non-Polarized Electrolytic Capacitors

Heads-Up Display :
G-HULP FOR DYNON
G-HULP HUD STAND ALONE

Hydraulic Pressure Gauge :
Hydraulic Pressure Gauge
Electric Hydraulic Pressure Gauge

Signal Generators :
Benchtop Signal Generators
PC Based Signal Generators

Aerospace Instrumentation

Voltmeters :
Belite
Davtron
J.P Instruments
ISS
Microflight

GENERAL MONITORS

The background of the entire page is a dynamic water splash. The left side features a large, detailed splash of clear blue water against a white background. The right side is a solid reddish-brown color, also featuring a faint, larger-scale water splash pattern. Horizontal dark grey bars separate the contact information sections.
